

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 5, 1996

SUBJECT: **HB 3027**

This bill, if enacted, will require that each board, commission or agency that regulates a profession or occupation to notify in writing any applicant for license, renewal or retirement of a license, certificate or registration of any deficiency in the application. The notice must be sent within thirty days of receipt of such deficient communication.

This bill provides that no citizen or public member of any board, commission or agency shall hold elected office. All members of boards, commissions or agencies at the time of appointment shall live in Tennessee. Members of boards, commissions or agencies who live outside of Tennessee shall be reimbursed for travel expenses for attending meetings in Tennessee. Reimbursement for travel expenses will be only for expenses incurred while traveling in the State of Tennessee.

The fiscal impact from enactment of this bill is estimated to be an increase in state expenditures for postage to notify each applicant in writing, since currently applicants are being notified either by phone or by mail. However, the amount of such increase cannot be determined but is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
